

Commercial Lease - High Risk Test

Synthetic judge test file | Deliberately aggressive clauses

Document	Sample_Commercial_Lease_HighRisk.pdf
Jurisdiction marker	California, United States
Parties	Meridian Commerce Center LLC / Northstar Design Labs Inc.
Property	Suite 410, 88 Market Street, Oakland, CA
Term	Jan 1, 2027 - Dec 31, 2029

NOTICE TO TESTERS: This document is synthetic and intentionally contains clauses that may be unusual, ambiguous, one-sided, contradictory, or financially significant. LeaseLens should explain the clause and point to exact document evidence rather than declare a legal conclusion without external authority.

1. Parties and Premises

Section 1 - Parties	Landlord: Meridian Commerce Center LLC. Tenant: Northstar Design Labs Inc. Premises: Suite 410, 88 Market Street, Oakland, California 94607.
Section 2 - Term	Initial term: January 1, 2027 through December 31, 2029. Unless Tenant gives written notice 180 days before expiration, the lease automatically renews for another three years.

2. High-Risk Financial Clauses

Section 3 - Base Rent	Base rent is \$12,500 per month for Year 1.
Section 4 - Automatic Escalation	Base rent increases by 12% at the start of each lease year without further notice.
Section 5 - Default Penalty	If rent is more than five days late, Tenant owes a \$1,500 fixed charge plus \$100 per day until payment is received.
Section 6 - Security / Holdback	Tenant shall provide \$37,500 in security. Landlord may retain any amount it considers necessary to protect against anticipated future losses.

3. Liability and Control Clauses

Section 7 - Indemnification	Tenant shall defend and indemnify Landlord for claims arising from the premises, including claims contributed to by acts or omissions of Landlord, except where prohibited by applicable law.
Section 8 - Access	Landlord may enter the premises at any time, with or without advance notice, to inspect, photograph, inventory, or show the premises to prospective purchasers, lenders, or tenants.
Section 9 - Assignment	Tenant may not assign, sublicense, or transfer any interest without Landlord approval. Any attempted transfer without written approval is void.

4. Disputes and Early Exit

Section 10 - Early Termination	Tenant may not terminate before the end of the term. If Tenant vacates early, Tenant remains responsible for all remaining base rent through the original expiration date.
Section 11 - Unilateral Arbitration	All disputes shall be resolved through binding arbitration. Landlord alone shall select the arbitrator and determine the arbitration location.
Section 12 - Renewal Conflict	Section 2 requires 180 days notice to avoid renewal. Section 12 states that automatic renewal may be avoided with 90 days notice. In the event of a conflict, Landlord's interpretation controls.

Judge Testing Guide

Upload this PDF to LeaseLens and try the questions below. The questions are intentionally chosen to exercise clause retrieval, contradiction detection, risk explanation, missing-information detection, and evidence linking.

- Identify the highest-impact financial obligations in the agreement.
- Find the conflicting renewal notice periods in Sections 2 and 12.
- Which clauses are unusually broad or one-sided?
- Calculate the Year 2 rent after the 12% escalation.
- What does the early-exit clause require?
- Show the evidence for the landlord access clause.
- Find clauses that should be manually reviewed before signature.

Expected behavior	LeaseLens should quote or locate the relevant clause, explain why it matters, distinguish fact from interpretation, and say when evidence is insufficient.
